My Friend

Miki Howard

You are my friend
When I need you most
You're always so close
Just because you are my friend

Sometimes a heart can get so cold
But your arms warm my soul
A simple smile a tender touch
Let's me know why you mean so much

You are my friend
When I need you most
You're always so close
Just because you are my friend

At time we don't realize
How much we really need each other
But just try to live without your brother
And you'll find out we can't live without each other

You are my friend
When I need you
You really care for me
You're always there to lend a helping hand
I can depend on you

You are my friend
My friend
My friend
My friend
