

Fair Winds & Following Seas

Skinny Lister

Let the road rise up to meet us
There's a rabble on the loose
We had ourselves one hell of a time
Tearing up the town with youWe got ourselves some stories
Took a wrong turn or two (just one or two)
We made ourselves a whole load of friends
One night only then we're on the moveFair winds and following seas
Thank you for the memories
Fair winds and following seas
I know we'll meet again somewhere
For new friends and repeat offenders
To the sweaty dive bar shows
We ram the van with all that we can
North to South and coast to coastWe found ourselves adventure
We shared a drink or two (just one or two)
We lived ourselves a whole lot of lifeSentimental when the tour is throughFair winds and following seas
Thank you for the memories
Fair winds and following seas
I know we'll meet again somewhereHere's to all the roads we've trod
And to those we've trod them with
To those who've run and drunk and sung with us
And the tomorrows yet to live (sing it)
Fair winds and following seas
Thank you for the memories
Fair winds and following seas
I know we'll meet againFair winds and following seas
I know we'll meet again somewhere
