

Quiet Storm

[Alexa Ferr](#)

So the floor slipped beneath us
Poured the salt inside a deep cut
No romance because its hopeless
Ringling and barnum bailey circus Oh the calm, the calm the cam before the storm
Oh the calm comes before the storm
Quiet now
Oh right now
Yea right now
Then before you know Oh oh, quiet storm
Oh oh, quiet storm
Oh oh, quiet storm
Ohh quiet storm
Ohh
Just listen
Listen
Listen
Listen
Listen
Listen
Listen
Listen...Listen See the walls crumbling around us
Called the kettle black as you drank a cup
No love lost, just a loss of trust
Ringling and barnum bailey circus Oh the calm, the calm the cam before the storm
Oh the calm comes before the storm
Quiet now
Oh right now
Yea right now
Then before you know
Oh oh, quiet storm
Oh oh, quiet storm
Oh oh, quiet storm
Ohh quiet storm
Ohh Just listen
Listen
Listen
Listen
Listen
Listen
Listen...Listen And it's over now

It's all coming down
You can say I didn't see it coming
You gave me fore warning
And it too has passed
The rain never lies.Oh oh, quiet storm
Oh oh, quiet storm
Oh oh, quiet storm
Ohh oh whoaJust listen
Listen
Listen
ListenListen
Listen...listen
