Evil (Single Version)

Cactus

You're a long way from home
Can't sleep at night
Grab your telephone
Somethin' ain't rightThat's evil, evil's goin' on
And I'm just warnin' you brother
You better watch your happy homeLong way from home
Can't sleep at all
Feels like a mule's kickin' in your skullThat's evil, evil's goin' on
And I'm just warnin' you brother
You better watch your happy homeWatch it, watch it!Long way from home
You can't sleep at all
Feels like another mule's kickin' in your skullThat's evil, evil's goin' on
And I'm just warnin' you brother
You better watch your happy homeWatch your happy, watch your, watch your happy homeyeah, evil, evil, evil!watch your happy home
