

# Sometimes I feel like a motherless child

## Tenet

Sometimes I feel like a motherless child  
(Sometimes)

Sometimes I feel like a motherless child  
Sometimes I feel like a motherless child  
Sometimes I feel like a motherless child

A long way is from home

A long way is from home

Do believe us, A long ways from home

A long ways from home

Yes, sometimes I feel like a motherless child  
(Why?)

Why? 'Cause nothin' ever happens  
(Nothin'?)

Well nothin' good  
(So what's good?)

You know to have a ball, man  
(You sick?)

No

(Hungry?)

No man

I just had myself a whole mess of black eyed peas and rice  
(Long way, long way)  
(See what I mean?)

I did I am a long ways from home  
But things could be worse, sure could
