

# Energy (Prod by Mike Will Made-It)

## Tinashe

[Tinashe]

I've been playin' so shy  
You've been runnin' the game  
Said I've been stuck on your mind  
Baby, don't play...  
We love Saturday nights, where they're making it rain  
In the deep of the night  
Storm is coming my way Hit me up (ready to roll)  
Still early out, we're still good to go  
Feeling right, I'm feeling right  
Come here tonight, come here tonight Baby, hit me like lightning  
Feel my body flowing into me  
Gonna feel it inside me  
Light me up, you give me energy I'm feeling right, come here tonight  
I'm feeling right, come here tonight  
I'm feeling right, come here tonight  
I'm feeling right, come here tonight Let your mind fly  
Taking this shit how I like  
It's been a sweet, sweet life  
Gonna never let you go  
Never wanna see you cry  
Never gonna say goodbye  
I'll never believe a thing you say  
But you know I like it anyway Hit me up, ready to roll  
Still early out, we're still good to go  
Feeling right, I'm feeling right  
Come here tonight, come here tonight Baby, hit me like lightning  
Feel my body flowing into me  
Gonna feel it inside me  
Light me up, you give me energy I'm feeling right, come here tonight  
I'm feeling right, come here tonight  
I'm feeling right, come here tonight  
I'm feeling right, come here tonight [Juicy J]  
She showed up in a trench coat  
With nothing on underneath that  
I cut her up like a chainsaw  
And lay that wood like a lumberjack  
That grade A, keep you coming back  
She 'bout that action, didn't come to chat

When the lights go out, we go back to back  
Sweating like we've been running laps  
We doing jumping jacks, we doing yoga  
She exercise, she eat yoghurt  
She read books and watch Oprah  
I let her ride me, I'm her chauffeur  
She wine fine, she classy  
She rock designer clothes, drive foreign cars  
My private movie star  
She put on a show and we record it all  
And ain't nobody gotta know our business  
Tell them haters go mind they own  
We stay shining on 'em, no rhinestone  
We ride private jets and switch timezones  
Your friends jealous, don't get it twisted  
Ain't no secret, they in they feelings  
But I bet they'd give up both kidneys  
If they could be in your position Hit me up, ready to roll  
Still early out, we're still good to go  
Feeling right, I'm feeling right  
Come here tonight, come here tonight Baby, hit me like lightning  
Feel my body flowing into me  
Gonna feel it inside me  
Light me up, you give me energy I'm feeling right, come here tonight...  
I'm feeling right, come here tonight...  
I'm feeling right, come here tonight...  
I'm feeling right, come here tonight...
