Broken Bones

The Van Jets

Fortify us take me higher
Shine another light into my heart
Let the future come to me now
I can take it, I can make it

The ventil light is blinding me
And shooting stars all I can see
And ventil light it's dying
I hid the crown, broken bones

Burn the circuits, blow the fuses
Just the last spark in the darkness
There's a new day on the horizon
I embrace it, I inhale it

And there's a light that I adore
I breathe it in through every pore
Commited ,our crime
We got the world

Broken bones , got me stranded off shore
Broken bones , got me reaching for gold

I cannot ever understand it
I can't ever heal
I cannot ever understand it
I never want to heal

My broken bones laying low
Broken boy in bed
Walk the walk sing a song
Play it in your head

Broken bones , got me stranded off shore
Broken bones , got me reaching for gold
