Oh, oh
BFF, BFF, oh, oh
BFF, BFF, oh, oh
Good times are behind us
Good times still to come
Can't help but smile just thinking about
The crazy things we've done
No way to know for certain
What the years will bring
Not too many guarantees
But there's one sure thing
BFF, BFF, oh, oh
You and me together
BFF, BFF, oh, oh
Always and forever, oh, oh
BFF forever
Let the days unravel
Let the years unfold
I can hardly wait to see
What the miles ahead will hold
Flying or falling
We'll face it side by side
We can't be separated
Come on and take this ride
BFF, BFF, oh, oh
You and me together
BFF, BFF, oh, oh
Always and forever, oh, oh, oh
BFF forever
Best friends forever
We're best friends forever
Oh, oh, BFF, BFF, oh, oh
Always and forever, yeah
BFF, BFF, oh, oh
BFF, BFF, oh, oh
You and me together
BFF, BFF, oh, oh
Always and forever
You and me, oh, oh, oh

That's BFF forever
(BFF, BFF)
Best friends forever
(BFF, BFF)
We're best friends
BFF forever
