Drown Me in Blood

Carnifex

Haunted souls alone in the night
Blood oath, dead is aliveThere is ghost haunting the halls of my heart
Like nails through my mind and everything goes dark
A strangers face but the pain that I love
Who knew suffering would be so much fun
It'll only hurt for a second
It's My favorite fucking lie
I'm just as lost as you
As empty as every word you'll hear tonightDrown me in blood
Let me taste the iron of lost love
Drown me in blood
Die a little inside you won't miss much
Sleep is good but death is better
The final words of my last fucking letter
I can still feel the scars that spell out your name
Prayers became regrets, they all end the fucking sameBlood oath, dead is aliveWith every beat of this blackened heart
Unhallowed thoughts, I was dead from the start
Drag that blade through skin tonight
This is what fucked up really looks likeIt'll only hurt for a second
It's my favorite fucking lie
I'm just as lost as you
As empty as every word you'll hear tonightI'm just as lost as you
Drown me in blood
Let me taste the iron of lost love
Drown me in blood
Die a little inside you won't miss much
It'll only hurt for a second
I cut myself just to say I fucking did it
Run that blade down
Hold my hand and let me black outDrown me in blood.
Let me taste the iron of lost love.
Drown me in blood
Die a little inside you won't miss much
