

# I Burned the Bed

## Marcy Playground

This bed is tear stained, yeah  
And you lit a fire of no return  
So I warm my bones and watch it burnBurn, delivering my soul  
And I'm free from your mind control  
Yes, I'm free from your mind control  
I watch it burn to the ground, oh, ohI see ashes where we made love  
Where I held you near  
Where I gave you my soul, oh, oh  
WomanBurning, burn, delivering my soul  
And I'm free from your mind control  
Yes, I'm free from your mind control
