Just A Touch Of Love (Re-recorded / Remastered)

Slave

Just a touch of love a little bit
Just a touch of love
Just a touch of love a little bit
Just a touch of loveMake me shine just a little bit, just a little bit
It's in my mind just a little bit, just a little bit
Keep me high, baby just a little bit, just a little bit
Can we spend some time?
(Can we spend some time?)Just a touch of love a little bit
Just a touch of love
Just a touch of love a little bit
Just a touch of loveJust a touch of love, just a touch of love
Just a touch of love, just a touch of
Just a touch of love, just a touch of love
Just a touch of love, just a touch ofJust a touch of love a little bit
Just a touch of love
Just a touch of love a little bit
Just a touch of loveNeed it now just a little bit, just a little bit
Send fire through my spine just a little bit
Just a little bitJust a little touch of love is what I need
Your love for me vice versa you'll see
Can I spend a day or two with you
So we can chill for one second rendezvousI don't wanna rush you, let's take it slow
So we can get to know, so that we can grow
Relax by the fire with a bottle of wine
Yeah, let it flow with timeJust a touch of love, just a touch of love
Just a touch of love, just a touch of
Just a touch of love, just a touch of love
Just a touch of love, just a touch ofJust a touch of love a little bit
Just a touch of love
Just a touch of love a little bit
Just a touch of loveMake me shine just a little bit, just a little bit
It's in my mind just a little bit, just a little bitJust a little touch of love is what I need
Your love for me, vice versa you'll see
Can I spend a day or two with you
So we can chill for one second rendezvousI don't wanna rush you, let's take it slow
So we can get to know, so that we can grow
Relax by the fire with a bottle of wine
Yeah, let it flow with timeJust a little touch of love is what I need
Your love for me, vice versa you'll see

Can I spend a day or two with you
So we can chill for one second rendezvousI don't wanna rush you, let's take it slow
So we can get to know, so that we can grow
Relax by the fire with a bottle of wine
Yeah, and once again it will flow with timeCan we spend some time?Just a little touch of love is what I need
Your love for me, vice versa you'll see
Can I spend a day or two with you
So we can chill for one second rendezvousI don't wanna rush you, let's take it slow
So we can get to know, so that we can grow
Relax by the fire with me girl
Yeah, and it will be our worldCan we spend some time?Can can
Can can
Can canCan we spend some time?
