

Give You My All

Eyes Set to Kill

Glass hailed from the sky that night.
I couldn't hide, to save my life
Standing drenched in open wounds
You took my hand, and pulled me through I want to give you everything
I'll give you, my all, because you gave me,
You gave me your lips, a gentle kiss
The medicine to cure my pain Listen to all of this glass shatter
Once peirced my ears and made them bleed
Now sounds so beautiful,
'Cause you're you're beautiful,
You're beautiful. I want to give you everything.
I'll give you, my all, because you gave me,
You gave me your lips, a gentle kiss
The medicine to cure my pain I want to give you everything
I'll give you, my all, because you gave me,
You gave me your lips, a gentle kiss
The medicine to cure my pain
