Things Are Right with You

Cloud Nothings

They leave, it's time for coming out
No use in life without sound
Patiently waiting alone and now
Follow the line to sort it outBecame aware of everything
Woke to a new surrounding
Saw what I'd done and who I'd be
I was uncomfortable with meAnd part of what I've lost
Borrowed and turned to dirt
Because of what I thought
It's people who should hurtFeel right feel right feel right
Feel lighterYou give up what you know
Can't explain where to go
And you move in a world that moves on its ownFeel right feel right feel right
Feel lighterThey leave, it's time for coming out
No use in life without sound
Patiently waiting alone and now
Follow the line to sort it outBecame aware of everything
Woke to a new surrounding
Saw what I'd done and who I'd be
I was uncomfortable with meAnd part of what I lost
Borrowed and turned to dirt
Because of what I thought
It's people who should hurtFeel right feel right feel right
Feel lighterYou give up what you know
Can't explain where to go
And you move in a world that moves on its ownFeel right feel right feel right
Feel lighter(I know that things are right with you)
