

Diamond Hoo Ha Man

Supergrass

Got my hobnails
I got the jitter shakes
Diamond hoo ha man
I do what it takes All I got is all I need
Oh, but what I really want is in my dreams
When the sun goes down
I just can't resist, bite me Got to get you in my suitcase, yeah
Oh, can't you see I want you?
Got to get you in my suitcase I'm going to high tail
To the motel
Love you all night long
Oh, my baby belle All I got is all I need
Oh, but what I really want is in my dreams
When you hold me down
I just can't resist, bite me I got to get you in my suitcase, yeah
Yeah, it's duty free, I got you
Now I got you in my suitcase, oh, yeah When the sun goes down
I just can't resist
Bite me, yeah I got to get you in my suitcase, yeah
Oh, can't you see I want you?
Gotta take you in my suitcase, suitcase, oh
