Love Travel

Danko Jones

Baby I want to put some mileage on your lovebike
I want you out on the road with my testosterone make you feel alright
Now honey it's about time you take a ride
I want you out on the road with my testosterone make you feel alrightIf you want to travel all over my body
If you want to travel all over my body
If you want to travel all over my body
that's alright that's alright that's alright!We're gonna drive
We're gonna drive
We're gonna drive all nightBaby I think you need to jumpstart your love life
You need somebody to hold 'cause it's the code of the road to make you feel alright
Now honey it's about time you see the light
Step in from the cold I'll make your eyeballs roll to the back of your head tonightWe're gonna drive
We're gonna drive
We're gonna drive all night longStep it
Step it upIf you want to travel all over my body
If you want to travel all over my body
that's alright that's alright that's alright that's alright!We're gonna drive
We're gonna drive
We're gonna drive all night
We're gonna drive
All night long
We're gonna drive
All night long
We're gonna drive
All night long
We're gonna drive tonight
