Keep My Love There (While I'm Gone)

Claire Lynch

Give me a kiss and a smile for all time
Don't make me cry when I go
though we may both be dying inside
nobody else in the world has to know

Over our pockets with marbles and string
tucked away close to your heart
Now here's a kiss you can add to those things
to say I Love you while we are apart

Chorus:
and for the moment we won't say goodbye
we'll only whisper so long
there is a dream place when you close your eyes
that's where the two of us belong
Keep my love there while I'm gone.

Somewhere between where we sleep and we dream
all of our wishes come true
and so tonight when your wishes take flight
you know that I will be flying with you

Chorus

Keep my love there while I'm gone
