

# Keep My Love There (While I'm Gone)

Claire Lynch

Give me a kiss and a smile for all time  
Don't make me cry when I go  
though we may both be dying inside  
nobody else in the world has to know

Over our pockets with marbles and string  
tucked away close to your heart  
Now here's a kiss you can add to those things  
to say I Love you while we are apart

Chorus:

and for the moment we won't say goodbye  
we'll only whisper so long  
there is a dream place when you close your eyes  
that's where the two of us belong  
Keep my love there while I'm gone.

Somewhere between where we sleep and we dream  
all of our wishes come true  
and so tonight when your wishes take flight  
you know that I will be flying with you

Chorus

Keep my love there while I'm gone
