

Trouble Among the Horses

Able

Music & Lyrics by: Johan Gille
From the album: Lost Love Songs

Days are long and they keep getting longer
- the season and the mood -
Iâ€™ve got a lot of things to do,
God knows I try hard to
Wonder how long it has been since I last
danced and cruised the floors
No, thatâ€™s right, it was last New Yearâ€™s
It seems so long ago

The horses are kicking,
I guess they can smell
the change on the grange
But Spring wonâ€™t be long now
and then I will let them out
Theyâ€™ll be fine

Iâ€™ve had a lot of time to think,
but I hardly ever do
I have no real use for thoughts -
I save them all for you
The next time that I see the mailman
Iâ€™ll ask him where theyâ€™ve gone,
all those letters you have sent me
Perhaps he just forgot

The horses are kicking,
I guess they can smell
the change on the grange
But they will calm down
just as soon as they see
the groundâ€™s Summer gown

The horses are kicking,
I guess they can smell
the change on the range
Autumn is chilly -
I think they could use your touch

Soon enough...

The horses are kicking,
I guess they can smell
the change on the grange
Winter means time to relax
but they roam out back
near your shack
How 'bout that?
They think that
you won't be back
