Missing You

[Boney James](#)

All day I've been
I've been missing you
I can't help it
I've been missing you
All day I've been
I've been missing you
I can't help it
I've been missing you
All day I've been
I've been missing you
I can't help it
I've been missing you
All day I've been
I've been missing you
I can't help it
I've been missing you
