Awaken Us

Building 429

We are questions that beg for the answers
We are poems awaiting the rhyme
We are riddles that long for solution
With your breath we come alive

We are silenced when searching for reasons
We are weary and broken inside
We are desperate for your affection
We are darkness you are light

Awaken us, awaken us
Stir in our hearts your truth
Awaken us, awaken us
That we might live for you
We are ashes, we are dust
Awaken us

Lord, you whispered the dawn of creation
And your love has been on display
You have promised that you would be with us
We need you, here to day

Awaken us, awaken us
Stir in our hearts your truth
Awaken us, awaken us
That we might live for you
We are ashes, we are dust
Awaken us

You will lead us out of the desert
You will hold us when we are weak
Lord, we will rise up, we will rise up
To follow our great king.

Awaken us, awaken us
Stir in our hearts your truth
Awaken us, awaken us
That we might live for you oh

Awaken us, awaken us

Stir in our hearts your truth
Awaken us, awaken us
That we might live for you
We are ashes, we are dust

Awaken us yeah
Awaken us yeah
Awaken us yeah
Awaken us yeah
