

# America (feat. P.O.D.)

Santana

This is America  
P.O.D and Santana live in La Casa  
Live and direct for you and yours  
Yo America, America Was it the way that she looked at me, she had caught my eye  
She stole my heart she freed my mind  
The way we loved it was magical, truly wonderful  
It was me and you're so beautiful And I know that you feel this too  
Will our dreams come true, I believe in you  
Show me the way to my better days  
What's the price to pay if I follow you America, America  
Will you come back to me baby, please don't run away, don't let me go  
America, America  
Can you get back to me, baby, please don't run away, I need you so I trust in you still you walk away, you just  
ran away  
I thought our love would never change  
The way you move had me hypnotized, now I realize  
I fell again the same old lies Plans you change the present rearranged  
If we don't know the path the future we can't attain  
So I maintain, dealt my hands so I deal with it  
Know what is truth myself, I stay real with it America, America  
Will you come back to me baby, please don't run away, don't let me go  
America, America  
Can you get back to me, baby, please don't run away, I need you so America, America  
Will you come back to me baby, please don't run away, don't let me go  
America, America  
Can you get back to me, baby, please don't run away, I need you so America, America  
Will you come back to me baby, please don't run away, don't let me go  
America, America  
Can you get back to me, baby, please don't run away, I need you so  
America
