

Violate

Iced Earth

Enter now the fiendish one
Twisted little man
Vile wretch disgusting mess
Perverted little man
Born of hell and in disease
Hate festers in his veins
Demonic clown and shapeshifter
Little man gone insane
Enter now
Enter now
And violate I'll beat you with your spinal cord
Split your skull in two
I'll feast on your intestines
There's nothing I can't do
I'll rip your heart out of your chest
Watch it beat as you cry
I revel in your agony
I violate and make you die
Enter now
Enter now
And violate
