

# Scarey Day Blues

## Blind Willie McTell

My good gal got a  
mojo, she's tryin' to keep it hid  
My gal got a mojo, she's tryin' to keep it hid  
But Georgia Bill  
got something to find that mojo with  
I said she got that mojo and she won't let me see  
She got that mojo and she won't let me see  
And every time I start to love her she's tried to put that  
jinx  
on me  
Well, she shakes like the Central  
and she wobbles like the L&N  
She shakes like the Central and she wobbles like the L&N  
Well, she's a hot-shot mama and I'm scared to tell her where I been  
Said my baby got something, she won't tell her daddy what it is  
Said my baby got something, she won't tell her daddy what it is  
But when I crawls into my bed, I just can't keep my black stuff still
