

Heartshine

Mother Love Bone

Waste away my tears 'cause I can't cry no more
No more no less, my brothers drowning like a star
A slower suicide, me I gave mine away I give to you my heartshine
I give to you my heartshines only for you A sad hello to death, I'm a stubborn goat on trial
No more no less, I said time will tell if love has the strength
To push it, the strength to push it, my the pain away I give to you my heartshine
I give to you my heartshine
