20 Times

Chixdiggit!

well she knew it was me but she acted excited anyway she said she's been doing stuff but she waited by the phone all day that's what her sister told me she got one of those phones she never called me i tried 20 times to reach her i got her mom on the phone she said that she's still in the shower well this is what i told her i'm tired of being alone (sista) she knew i called 20 times it didn't faze her it didn't freak her out and now i wanna see her she knew i called 20 times it didn't faze her it didn't creep her out and now i wanna see her she knew i called 20 times but she acted surprised anyway i said i been doing stuff but i waited by the phone anyway that's what her sister told me yeah, that's what her sister told me she got one of those phones they got one of those phones and i'm tired of being alone
