Take It Away

The Used

Life's greatest questions have always been

"Who am I? Where did I come from?"

"Why am I here? Where am I going?"

You are about to see and hear one of the most significant messages Given to us from GodGet down Get downI'm lying to myself and this dagger's my excuse

I'm a pawn, I should have paid up

And I left an hour late, I was laid upI must abuse myself, I'm against all that I've made up

Set in stone the sun will come and I hate the light

You know I hate lightDon't make it look so pretty burningBurn the sun, burn the light

Take take take take take it away

Take my hand, take my life

Take take take take take it awayI must have caught something in the heat of all these dances
I'm a worm with no more chances

And I've lost all doubt in a chemical romanceI can't stop itching over thoughts of tarnished hope Kind of funny, lonely feeling, I'm not in love

You know it's not loveDon't make it look so pretty burningBurn the sun, burn the light

Take take take take it away

Take my hand, take my life

Take take take take take it awayBurn the sun, burn the light

Take take take take take it away

Take my hand, take my life

Take take take take take it awayBrothers and sisters, I'm right here with you

'Cause everyone's got one, a story to kill me

I'm so apathetic in my resentment

Living, loving, knowing notTake my hand

Take my hand

Take my hand

Take my handTake my hand

Take my hand

Take my hand

Take my hand

Take my lifeTake my heart

Take my mind

Take my life

Take my lifeBurn the sun, burn the light

Take take take take it away

Take my hand, take my life

Take take take take take it awayBurn the sun, burn the light

Take take take take take it away

Take my hand, take my life Take my life, take my life
