

# Miracle

## island apollo

I don't think you love me like you say you do (Say you do)  
You always got one foot out the door  
And I don't think you want me like you say you do (Say you do)  
You always seem to leave me needing more (more)

Don't walk out the door  
You're the one I'm fighting for  
Ah - Ahhh  
You're my miracle

Don't walk out the door  
You're the one I'm fighting for  
Ah - Ahhh  
You're my miracle

I don't think you love me like you say you do (say you do)  
You never seem to look me in the eye  
And I don't think you want me like you say you do (say you do)  
You always seem one half in denial, denial, denial

Don't walk out the door  
You're the one I'm fighting for  
Ah - Ahhh  
You're my miracle

Don't walk out the door  
You're the one I'm fighting for  
Ah - Ahhh  
You're my miracle

I don't want you to take it wrong  
Your love's a song I can't recall  
Calling, calling (Calling, calling)

I'm out of breath  
And out of sinch  
I hear my head go  
Ah - Ahhhh  
I have nothing left cause you take it all

You're out of something spiritual

Don't walk out the door  
You're the one I'm fighting for  
Ah - Ahhh  
You're my miracle

Don't walk out the door  
You're the one I'm fighting for  
Ah - Ahhh  
You're my miracle
