

Kids Being Kids

Teen Men

I believe that the plants need watering
(They're as green, as they used to be)
I'll be late but be back
before you leave
(That was yesterday)
My mistake, I'll make it up
some other way
(It doesn't bother me)
If we decide to change
Will we make the same mistakes?
We've fallen before and it is what it is
Once more round the block
Just kids being kids
I believe in a life incomplete
(Chasing the days chasing the weeks)
I feel a pattern and I feel the repeat
(Closing my eyes)
(Moving my feet)
If we decide to wait
Will we make the same mistakes?
We've fallen before and it is what it is
Once more round the block
Just kids being kids
We've fallen before and it is what it is
Once more round the block
Just kids being kids
We've fallen before and it is what it is
Once more round the block
Just kids being kids
We've fallen before and it is what it is
Once more round the block
Just kids being kids
