# I Miss You

## Graham Nash

Thinking to myself today
I'm sorry that you went away
I'm feeling down, what can I say?
I miss youI'm holding back and it's not fair
I think I'm trying not to care
Of broken hearts I've had my share
But I miss youWhat did we do last Saturday night?
Dining at your mother's on whipped cream and wine
Make me feel good all the time, make me feel good all the time
Make me feel good, goodWhat did we do last Saturday night?
Dining at your mother's on whipped cream and wine
Make me feel good all the time, make me feel good all the time
Make me feel goodThinking to myself today
I'm sorry that you went away
I'm feeling down, what can I say?
I miss youI'm holding back and it's not fair
I think I'm trying not to care
Of broken hearts I've had my share
But I miss you
