

Death Will Score

Disbelief

have you heard of me before?
oh, i know you: my mentor!
death is talking to you!
i realize, what's going on, this
is true!since the day i was born
i didn't grow up like them all
my life shrinks more and more
to get away from this horrorDEATH WILL SCORE
DEATH WILL...
DEATH WILL SCOREnow you see that i am real
my whole life i could feel
time has come for me to score
my last wish is: to be reborn!do you know there's no fear
to die with pride, no more tears
i'll be born again free
as an angel, not yours, it's me...DEATH WILL SCORE
DEATH WILL...
DEATH WILL SCORE
DEATH WILL SCORE
DEATH WILL SCORE
DEATH WILL SCORE
DEATH WILL SCOREsince the day i was born
i didn't grow up like them all
my life shrinks more and more
to get away from this horror
DEATH WILL SCORE
