Shutup

Butt Trumpet

This is a story about the last time I was hangin' out underneath the freeway overpass on Gauer just north of Yucca. I was standing there minding my own business and this girl came up to me, and, well...
I thought she wanted me for my mind...
SHUTUP!
All I wanted from her was her phone number...
SHUTUP!
She was homeless
Sometimes I really get upset when...
SHUTUP!
This isn't the way we rehearsed it...
SHUTUP!
Shutup...geek
