

Starlite Motel

Divisible

We checked in to the Starlite Motel
I was right for you; I knew the girl
Oh yes, oh yes, oh yes, oh yes
Itâ€™s all coming back to me now

We woke up in the Starlite Motel
Under the covers; you made the girl
Oh yes, oh yes, oh yes, oh yes
And I was perfect to you then

Now those dreams have lost their color
I fell into colder water
Remember when I was your lover?
Remember when I was your lover?
Could you put me in your mind that way forever?

We checked out of the Starlite Motel
Fairytale ending, but you kept the girl
Oh yes, oh yes, oh yes, oh yes
Itâ€™s all painfully clear to me now

Now those dreams have lost their color
I fell into colder water
Remember when I was your lover?
Remember when I was your lover?
Could you put me in your mind that way forever?

And now that the feelingâ€™s dead,
How sad to see you here again
As common as I am

Now those dreams have lost their color
I fell into colder water
Remember when I was your lover?
Could you keep me in your mind that way?
