The Cascade

Moving Mountains

Well I hope that you know
That you died in my dream
We were both in the grass
Where the wind took you and put you in my best
So just breathe (so just breathe)
When you think of me
Just don't fall back (just don't fall back)
So carelessly
And everything is forced to fall in place
I'll find my own (i'll find my own)
You'll find your own (you'll find your own)
Embrace

And the worst thing of all
Is that I Couldn't fall
When I jumped off those cliffs
Hoping I wouldn't live

And can I hold on
Can I hold on to you
And can we both die
If the wind keeps passing through

So just hold it in
Breathing just think it through
Don't fall back so carelessly
And everything is forced in place
I'll find my own
You'll find your own

And the worst part of all
Was I could not seem to fall
When I jumped straight off those cliffs
Hoping that I wouldn't live
