

Cremation of Holiness

Belphegor

Christ has died - squealing like a pig
Hellish torment - seething flesh
Mocked and spitted at - his lies now ignored
Kill his minions - exterminate 'em all
Behead the disciples of god...Turn their churches into abattoirs
Wade in desecrated blood
Bomb the vatican - crucify the (polish) whore
Cremation of holiness - destruction of faith
Profanation - Blasphemy
Fornication - Bloodperversion
