

Detention

The Dissidents

When you took that vow you said
You'd honor it until you were dead
 You'd never touch a man
Now you're getting awfully fat

Look nun what you have done
 You're gonna have a son
Look nun what you have done
 You're getting a detention

We know that baby's yours
Who'd a thought you were a whore
 Go get a kitchen knife
And take that infant's life

Chrous
