

We Sweat Blood

Danko Jones

I'm into never stopping
I'm making no sense
But I can never sit still I keep on riding
When you're fast asleep I'm working all night
I never sleep either I'll take a break when I die
Every drop is precious
Makes you want to cry
Bring me close to the edge dare me to die
Can't call it driven when you're driving
It's easy to stay awake when your blood is boiling You want to know why?

WE SWEAT BLOOD

WE SWEAT BLOOD If I could sleep with eyes open I damn well will
Some people need a push I need a sleeping pill
I like to cut through bull shit with my mouth as a knife
I'd like to stick it to you 'cause it only feels right
Every drop is precious
Makes you want to cry
Bring me close to the edge dare me to die
Can't call it driven when you're driving
Easy to stay awake when your blood is boiling You want to know why?

WE SWEAT BLOOD

WE SWEAT BLOOD

WE SWEAT BLOOD

WE SWEAT BLOOD I wish there was 80 seconds in a minute, 90 minutes in an hour, 60 hours in a day, 500 days in a year 'Cause every drop of blood and every bead of sweat and every night awake each day to slave away

WE SWEAT BLOOD

WE SWEAT BLOOD

WE SWEAT BLOOD

WE SWEAT BLOOD
