Thanks for the Misery

Reggie and the Full Effect

How did you do this to me
How could you do this to meI guess I'm horrible for you
I guess it's what the people do
I heard you're moving out of here
You know I'm getting outWhat was the point to all of this
What was the point to our first kiss
I guess the news I heard was true
The news I heard came from youI guess I'm horrible for you
I guess it's what the people do
I heard you're moving out of here
You know I'm getting outI hope that things work out for you
I hope that he works out for you
I wish that we worked out for you
I know we'd never work for youI guess I'm horrible for you
I guess it's what the people do
I heard you're moving out of here
You know I'm getting outI hope that things work out for you
I hope that he works out for you
I wish that we worked out for you
I know we'd never work for youI guess I'm horrible for you
I guess it's what the people do
I heard you're moving out of here
You know I'm getting out
