

# Thanks for the Misery

## Reggie and the Full Effect

How did you do this to me  
How could you do this to me I guess I'm horrible for you  
I guess it's what the people do  
I heard you're moving out of here  
You know I'm getting out What was the point to all of this  
What was the point to our first kiss  
I guess the news I heard was true  
The news I heard came from you I guess I'm horrible for you  
I guess it's what the people do  
I heard you're moving out of here  
You know I'm getting out I hope that things work out for you  
I hope that he works out for you  
I wish that we worked out for you  
I know we'd never work for you I guess I'm horrible for you  
I guess it's what the people do  
I heard you're moving out of here  
You know I'm getting out I hope that things work out for you  
I hope that he works out for you  
I wish that we worked out for you  
I know we'd never work for you I guess I'm horrible for you  
I guess it's what the people do  
I heard you're moving out of here  
You know I'm getting out
