

Insanity

The Last Felony

She turns my world around
Whenever she is touching me
She knows she's got control
Of every little thing I feel

You better let go

You better let go

I can't go on feeling

Like a little devil boy

But at the same time

She takes me where I wanna be

(You better let go)

(You better let go)

Come on, you know what I want

She takes me into fantasy

Let me back to reality

(Hey ho, hey, hey, hey ho)

Insanity

Your girlfriend's coming on to me

She eats your heart out, can't you see?

(Hey ho, hey, hey, hey ho)

Insanity

No, you have no idea

She's doings things behind your back

She's creeping up behind you

Telling me, "I want you"

(You better let go)

(You better let go)

Come on, girl

Now don't push it, girl

Then go to someone else

When you know you hurt me, ouch

Really, really bad

(You better let go)

(You better let go)

She takes me into fantasy

Let me back to reality

(Hey ho, hey, hey, hey ho)

Insanity

Your girlfriend's coming on to me
She eats your heart out, can't you see?
(Hey ho, hey, hey, hey ho)
Insanity
Sweet as she is she is breaking my heart
Nobody knows it I fell from the start
Heating your life then she blows you away
But I can't stay
(You better let go)
(You better let go)
She takes me into fantasy
Let me back to reality
(Hey ho, hey, hey, hey ho)
Insanity
Your girlfriend's coming on to me
She eats your heart out, can't you see?
(Hey ho, hey, hey, hey ho)
Insanity, yeah
