Little Rosa

Letters to Cleo

Little Rosa was gonna shine
Little Rosa had real bad time
She was not like anyone else
She never willLittle Rosa, the boys let her love
She's just not that way
She don't put on a show
For nobody, not even you
She's gonna sit aloneWhy would you make her feel so small
That she'd just disappear?
Why would you make her feel so small
That she'd just disappear?She's not like anyone else
She's not like, she never will
Little Rosa was gonna shine, yeahSo why would you make her feel so small
She'd just disappear?
Why would you make her feel so small
She'd just disappear?Why would you make her feel
