Hello Goodbye

Tyler Farr

I told myself a thousand times, it wouldn't end like this
But here I am standing at the door, with no more walls to hit
I didn't notice it was over, 'till it was to late
All the tears are cried and it's time to walk away

So hello suitcase, hello pictures on the floor,
Hello heartache, hello slamming door,
Hello Silverado running in the drive,
Hello freedom, hello goodbye.

I never knew this gravel drive, could be so damn long
And I never thought, I ever be this close to being gone
I wonder if she wonders, if I'll turn this truck around
I wish I could, 'cause it hurts like hell but it's too late for that now

Se hello highway, hello city limit sign,
Hello sunset, hello Jackson county line,
Hello radio don't play that song tonight,
Hello freedom, hello goodbye.

Oh I did the best to make the best of us
But hell sometimes love just ain't enough

So hello teardrops, hello empty space,
Hello memories, hello love we used to make,
Hello Jesus won't you help me through the night,
Hello tomorrow, hello goodbye.
