Hey hey, wait, could you hold on (hold on) Everywhere I go they say it's Iggy season
 'Til I get what I want, baby I ain't leavin'
 Every time I go out everybody wanna show out
 I just see a girl in the mirror, told her "you the reason"
 Simmer down b****, it's Iggy season
 Simmer down b****, it's Iggy season
 I ain't worried 'bout s***, it's Iggy season
 Bad b****es scream yaaas
It's Iggy Season Every man needs some Azalea oh yeah
 You want it, you do what I tell ya
 You play on my team and get a ring back
 You don't, you gon' end up a failure
 I look like a fantasy, your wifey mad at me
Just 'cause hubby is a fan of me, you understandin' me? Uh
 So skip the talkin' baby, we too busy ballin' baby
 Pedal to the metal and my engine never stallin' baby
 B****es gon' hate, while the critics critique
 I pay them no mind whenever they speak
 What they make a year, I can make in a week
 I know you can't stand it, just get you a seat
 See the sky be the limit when you dealin' with me
I'm stuntin' this hard, and I ain't even reached my peak
 I just get money to spend it, let the cycle repeat
 I'm feelin' like I got this world on my feet
Umm, Iggz Everywhere I go they say it's Iggy season
 'Til I get what I want, baby I ain't leavin'
 Every time I go out everybody wanna show out
