Love Oh Love

Leroy Hutson

Love, oh love why are you leavin me
I did everything I could I treated you so good still you're leavin me
Friends talk and you walk and I'm the one who's losing
In my mind sometimes it gets a bit confusin
This love game we play can get to be demandin, I always thought we had a real understanding
love oh love, just why are you leavin me
You know everything I do I do it just for you now you teasin me
Baby, it should be we disagree at least we end up talkin
But hear say has changed your ways and now you started walkin
I never thought that I'd ever live to
see
The day when one of your friends
could make you turn your back on me
Love, love, love just what am I suppose to do
I've spent every single dime devoted all my time to making love to you
Let's start today to find a way to get this thing together
Just trust in me and you will see that love can last forever
This love that we've got can be so groovy baby
So just take my hand and I don't mean maybe
Ooh ooh
I said now love love love just what am I suppose to do
I spent every single dime devoted all my time to makin love to you
Let's start today to find a way to get this thing together
Just trust in me and you will see that love can last forever
I'm so in love with you all that I can do
Is hope to please you everytime I see you say love love
