

# It's The Nighttime

Josh Rouse

You play your stereo loud  
You got your headphones on  
I see you dancing around  
To your favorite song  
It's 'Who do you Love'  
I want to know his name  
And does he feel like I feel  
Is he standing in the rain I'm out in the street  
The city lights above  
It's the nighttime baby  
Don't let go of my love You've come a long way baby  
From your days at school  
I heard you're really living uptown  
I'm just a downtown fool  
And would it be all right  
If I took you for a ride  
Took you out on the town  
Maybe someplace nice Out in the street  
City lights above  
It's the nighttime baby  
Don't let go of my love And maybe later on  
After the late late show  
We can go to your room  
I can try on your clothes  
You know I'm not the kind of man  
To come on so strong  
But when you look as good as you do  
I knew it wouldn't be long I'm out in the street  
The city lights above  
It's the nighttime baby  
Don't let go of my love  
It's the nighttime baby  
Don't let go of my love Yeah, It's the nighttime baby  
Don't let go of my love, love  
Don't let go of my love
