

# 4 Life

## DJ Snake

I came from nothing, ain't that something, look what I've been through  
And now I'm out here, feel like my year, got all my friends through  
    'Cause I want this life for life, for life  
        This life for life, for life  
    'Cause I want this life for life, for life  
This life for life, for life 'cause I want it for life It's leadin' all night  
    Look at my ride, look at my life  
        Wake in the night  
    Dreamed of this life, I'll be so patient  
        Waited all night  
You know now I'm flexing, I'm fucking these hoes  
    Rollie is finally Rolls  
    Touring the club and I'm killing these shows  
    And I'm stacking, I'm stacking these hoes  
    Bad bitch into my arm and she ain't never tell me no  
I just hit the crib with a brand-new bitch, they both gon' find that pole  
    'Cause they all down to go, they been kissing on the low  
    They been sniffing on that blow when I never trust a hoe  
    'Cause everybody wanna get paid, I ain't no free ride  
If I come inside, it's the best day of her life And I came from nothing, ain't that something, look what I've been  
    through (get it, get it)  
And now I'm out here, feel like my year, got all my friends through (fater, faster)  
    'Cause I want this life for life, for life  
        This life for life, for life  
    'Cause I want this life for life, for life  
This life for life, for life 'cause I want it for life My whole squad real G's, pour it up  
    Bring all my weed, roll it up  
        The whole world mine  
    Yeah, I know the whole world mine  
    Feel mad rich, never sold my soul  
    When I told my pops that I caught that Rove  
    And I told my mom to forget that stove  
And to fuck that job 'cause I got that, that dough  
    Yeah, you know I got that money to blow  
        Yeah, you know that's how it goes  
        I puts it down, I puts it down  
    I don't fuck around, I don't fuck around  
Had no time for chilling or sipping, was rapping and singing

I came up on my own, now I got all that money calling
