SOMETHING'S WRONG WITH THE MORNING Words and Music by Margo Guryan Something's wrong

with the morning

If he doesn't call to say hello

And ask me what I'm going to do

For the rest of the day

And if I need him

And how he needs me

When he's all alone

And how something's wrong with the morning

When he doesn't phone to say he loves me Something's wrong with the morning

He never called to say hello

He never called to say goodbye

Or tell me what I was doin' wrong

That I was not doin' all along

And something tells me

Something's wrong with the morning today
