Ride The Cliche

Stone Temple Pilots

She no wait, but she know me
Intake purge, it's my disease
Hold me closer let me be
Hold me closer let me go away
Barely know you know my name
Trip the witch and ride the shame
Just because you're so cliched
It don't mean you won't get paid
Hold me closer let me be
(Hold me closer let me be)
Hold me closer let me go away
Barely know you know my name
(Barely know you know my name)
Trip the witch and ride the shame, yeah
She no wait, but she knows me
Intake purge, it's my disease
Hold me closer let me be
(Hold me closer let me be)
Hold me closer let me go away
Barely know you know my name
(Barely know you know my name)
Trip the witch and ride the shame, yeah
(Oh, oh, ooh, yeah)
