

She's My Kinda Girl

Runner Runner

She's the kinda girl that you wanna come home to,
the kinda girl that you never wanna leave,
she's the kinda girl that she makes me wanna give her everything,
ALRIGHT!

She's the kinda girl that you wanna wake up to,
the kinda girl that you always wanna please,
she's the kinda girl that she makes me wanna be her everything (everything)
She's the kinda girl your mom is gonna love,
she's the kinda girl that you've been dreaming of,
she's the kinda girl that a guy would want to be her everything,
Cause all I want is you (all I want is you)
It goes OH OH OH and baby we're rolling,
all night long and keeping it going,
me and you, you're heart beats next to mine (it beats beats, it beats beats)
It goes OH OH OH and stereos pumpin'
hand in hand my heart keeps on thumpin',
just stay close, our hearts will beat in time,
ALRIGHT!

She's the kinda girl that you love to have fun with,
she's the kinda girl that you know it's meant to be,
she's the kinda girl that I wanna spend my life with,
Honestly (honestly)
She's the kinda girl that your friends are gonna love,
she's the kinda girl that I've been dreaming of,
she's the kinda girl that I wanna spend my life with,
Can't you see now, Can't you see
all I want is you
It goes OH OH OH and baby we're rolling,
all night long and keeping it going,
me and you, you're heart beats next to mine (it beats beats, it beats beats),
It goes OH OH OH and stereos pumpin',
hand in hand my heart keeps on thumpin',
just stay close, our hearts will beat in time,
ALRIGHT!

Woahhh Ohhh Ohhh
I like the way you make me (woooahh ohhh ohhh),

I like the way you take me (woooahh ohhh ohh),
I like the way you make me,

It goes OH OH OH and baby we're rolling,
all night long and keeping it going,
me and you, you're heart beats next to mine (it beats beats, it beats beats),
She's the kinda girl that you wanna come home to,
the kinda girl that you never wanna leave,
she's the kinda girl that she makes me wanna give her everything,

ALRIGHT!

She's the kinda girl that you wanna wake up to,

It goes OH OH OH and stereos pumpin',
hand and hand my heart keeps on thumpin',
just stay close, our hearts will beat in time,
my kind girl (x2)
