

# Fishtales

## Macabre

Alberts kitchen was used for his galley  
Where young kids would end up in his belly  
He ate kids like a fish would eat plankton  
With a spiked paddle Fish liked to spank them  
Shiver me timbers terrible old man  
Went fishing for kids in a sea made of land  
Ahoy there mateys believe if you can  
Albert Fish was a kid cannibal old man  
Albert fished in a lot of towns  
Hooking young kids all around  
He caught them with lures and bait  
Fish cleaned and cooked the kids he ate  
Shiver me timbers terrible old man  
Went fishing for kids in a sea made of land  
Ahoy there mateys believe if you can  
Albert Fish was a kid cannibal old man
