

My Friends Over You

New Found Glory

Im drunk off your kiss
For another night in a row
This is becoming too routine for me
But I did not mean to lead you on And its all right to pretend
That we still talk
Its just for show, isnt it?
Its my fault that it fell apart Just maybe
You need this
And I didnt mean to
Lead you on You were everything I wanted
But I just can't finish what I started
Theres no room left here on my back It was damaged long ago
Though you swear that you are true
I still pick my friends over you
My friends over you Please tell me everything
That you think that I should know
About all the plans we made
When I was never to be found And its all right to forget
That we still talk
Its just for fun, isnt it?
Its my fault that it fell apart 'Cuz maybe
You need this
And I didnt mean to
Lead you on You were everything I wanted
But I just can't finish what I started
Theres no room left here on my back It was damaged long ago
Though you swear that you are true
I still pick my friends over you
My friends over you Just maybe you need this
You need this
And I didnt mean to
Lead you on You were everything I wanted
But I just can't finish what I started
Theres no room left here on my back It was damaged long ago
Though you swear that you are true
I still pick my friends over you You were everything I wanted
But I just can't finish what I started
Theres no room left here on my back It was damaged long ago
Though you swear that you are true

I still pick my friends over you
My friends over you
